

## NASA Education Resources

NASA.gov serves as the gateway for information on NASA missions, research, programs, services, and opportunities. Educators can access NASA's unique curriculum support materials and resources.

For more information, visit:  
[www.nasa.gov/education](http://www.nasa.gov/education)

## NASA Opportunities

For information about NASA opportunities for educators, visit:  
<http://www.nasa.gov/audience/foreducators/current-opps-index.html>

For information about NASA's One Stop Shopping Initiative (OSSI) for internship, fellowship, and scholarship opportunities, visit:  
<http://intern.nasa.gov>

## Easy Ways to Get NASA Materials

Education is a fundamental part of NASA's work to execute its vision *to reach for new heights and reveal the unknown so that what we do and learn will benefit all humankind*.

NASA's Office of Education collaborates with NASA experts to connect both learners and educators to exciting NASA missions through dynamic STEM content. These efforts result in innovative and informative educational materials that inspire an interest in science, technology, engineering, and mathematics. NASA makes these resources available in the following ways:

View and download education resources from NASA's website:  
<http://www.nasa.gov/education>

Visit a NASA Educator Resource Center (ERC):  
<http://www.nasa.gov/education/ercn>

### Educational Multimedia

NASA offers educational multimedia such as the Do-It-Yourself Podcast activity for students, video learning clips, webcasts, monthly educational programming on NASA TV, and image galleries. For more information, visit:

Do-It-Yourself Podcast

### Alphabetical Lists of NASA Topics for Education

The A-Z lists offer a fast way to find information about NASA topics, education pages for missions, and interesting pages for students. For more information, visit:

Educators  
[http://www.nasa.gov/education/edu\\_AZ](http://www.nasa.gov/education/edu_AZ)

Students 9-12  
[http://www.nasa.gov/education/stu912\\_AZ](http://www.nasa.gov/education/stu912_AZ)

Students K-8  
[http://www.nasa.gov/education/stuK8\\_AZ](http://www.nasa.gov/education/stuK8_AZ)

## Find NASA Teaching Materials

Browse NASA's online educational resources. The NASA Websites for Educators list features interesting topics, information on NASA missions, and hard-to-find resources for teachers. Use the A-Z List of Publications to find printable materials, such as educator guides, activities, posters, bookmarks and other resources in PDF format.

### Types of Materials

- Bookmarks
- Classroom Activities
- Educator Guides
- Lesson Plans
- Lithographs (Images)
- Play and Learn
- Posters
- Program Brochures
- Video Learning Clips
- Websites

### NASA's Educator Resource Center Network

NASA's ERCs are located throughout the United States, in the U.S. Virgin Islands, and in Puerto Rico. ERCs offer information about NASA and its educational resources and services. Personnel provide in-service and pre-service training using NASA curriculum support materials. ERC team members also collaborate with educational organizations to foster systemic initiatives at local, state, and regional levels. Contact a NASA ERC for services in your area.
